Universidad Peruana de Ciencias Aplicadas (UPC)
Software Engineering
2016 – 2020

■ CERTIFICATIONS

Scrum Fundamentals Certified

■■■ PROFESSIONAL SUMMARY

Frontend Developer specialized in Angular, Ionic, TypeScript, and RxJS with experience building CRM systems, ERP platforms, fintech applications, and mobile solutions. Successfully contributed to reducing operational processing times from 55 minutes to 35 minutes through workflow optimization and CRM improvements.

■ KEY ACHIEVEMENTS

- Reduced average operational processing time from 55 to 35 minutes.
- Developed a mobile application from scratch using Ionic and Angular.
- Built an ERP platform centralizing payroll, inventory, workshop operations, sales, and financial administration.
- Delivered business applications used in real operational environments.

■ PROFESSIONAL EXPERIENCE

Frontend Developer | Billex Divisas (Remote)

September 2023 – Present

- Developed and maintained a fintech CRM platform with operational, executive, provider, and accounting modules.
- Built a mobile application from scratch using Ionic and Angular.
- Implemented authentication, authorization, and role-based access control.
- Integrated REST APIs and reactive data flows using RxJS.
- Reduced average operational processing time from 55 minutes to 35 minutes through workflow optimization and system improvements.

Frontend & Mobile Developer (Freelance) — 2025

- Mobile application, Kahoot-style quiz platform, API-driven gallery and Google Maps integration for an international dermatology conference.

General Manager | Distribuidora Xavi S.A.C. — 2020 – 2022

- Managed logistics, suppliers, distribution operations, and business continuity during the COVID period.

■ SELECTED PROJECTS

Alta Montaña ERP (Production)

ERP platform for payroll, inventory, workshop management, sales operations, electronic invoicing and financial administration.

Mini Personal CRM (Live Demo)

mini-crm.jpierredev.cloud

Angular 20 CRM with JWT Authentication, RBAC, Signals, Standalone Components, Dashboards and Kanban Workflows.

Billex Mobile App (Beta)

Mobile application developed with Ionic and Angular for users of a fintech platform.
